Cowboys and Cookouts: A Taste of the Old West - Amazon.co.jp Aug 14, 2015. One of the things I like to collect is cookbooks. One book I picked up a few months ago is COWBOYS AND COOKOUTS: A Taste of the Old West. The book is a collection of recipes and stories from the old west, with a focus on cowboy cookouts and the foods that were popular during that time.

The book is divided into several sections, each focusing on a different aspect of cowboy life. The first section is dedicated to the history of the Old West, with stories of the pioneers and the people who helped to settle the area. The next section focuses on the food of the Old West, with recipes for dishes like cowboy stew, chuckwagon pièces, and pemmican. The book also includes recipes for drinks like whiskey sour and cowboy coffee.

Throughout the book, Esson includes stories of his own experiences in the Old West, as well as interviews with people who have lived in the region. The book is filled with interesting facts and anecdotes, and it makes for a fascinating read.

One of the things I enjoy about the book is the way it brings the Old West to life. The stories and recipes are all presented in a way that makes them feel authentic and real. The book is a great way to learn about the history of the Old West, and it's also a great resource for anyone who is interested in cooking or eating like a cowboy.

If you're looking for a book that will give you a taste of the Old West, COWBOYS AND COOKOUTS is definitely worth checking out.
