Distant Thunder: An Integrated Skills Approach To Learning Language Through Literature

Janis G Scalone

Distant Thunder: An Integrated Skills Approach to Learning Language Through Literature is a book that integrates language learning with literature. It is designed for Distance Learning and aims to develop critical thinking skills in learners.

The book is part of the Pitt Series in English as a Second Language, published by the University of Michigan Press. It is written by Janis Scalone and focuses on discourse approaches to learning language through literature.

The book covers a range of topics, including the use of literature in language teaching, the role of the classroom as a community of learners, and the importance of critical thinking skills in language learning.

Distant Thunder is an accessible and engaging read for language learners, as it combines language practice with literary analysis.

In conclusion, Distant Thunder: An Integrated Skills Approach to Learning Language Through Literature is a valuable resource for language learners and language teachers alike.
