Social Problems And Social Contexts In Adolescence: Perspectives Across Boundaries

Klaus Hurrelmann Stephen F Hamilton

9780202361017 - Social Problems and Social Contexts in Adolescence: Perspectives Across Boundaries. Klaus Hurrelmann and Stephen F. Hamilton (Eds.). Aldine de Gruyter, 1996. xiv + 299 pages. This collection presents a selection of previously published research papers on social problems and social contexts in adolescence. The role of social contexts in adolescence is discussed, including the impact of stress, social support, and neighborhood factors. The book covers a wide range of topics, including poverty, social support, and the relationship between social contexts and problem behavior.
